Thursday Afternoon Second Session - 9409 (15:40 - 17:10)

time	[id] title	presenter
15:40	[68] Left-right splitting of elliptic flow in heavy ion collisions: TRENTo-3D initialization and CLVisc hydrodynamic simulations	樊, 翔
15:55	[62] imaging nuclear modifications on parton distributions in proton-nucleus collisions	YANG, Mengquan
16:10	[58] A Centrality-independent Framework for Revealing Genuine Higher-Order Cumulants in Heavy-Ion Collisions	WANG, Zhaohui
16:25	[44] Nonextensive (3+1)-dimensional hydrodynamics for relativistic heavy-ion collisions	石, 佳豪
16:40	[55] $s\bar{s}$ elliptic flow as evidence of the sequential hadronization mechanism in the hot QCD medium	XU, Zi-Xuan
16:55	[37] 通过重离子碰撞中逐事件 $\pi$ 介子不对称性探测中子皮	田, 栩华
