

Next Frontiers in Magnetic Monopole Searches

Saturday, 12 September 2026

CR experiments I (10:15 - 11:45)

time	[id]	title	presenter
10:15	[33]	Review of ultra-high-energy cosmic ray observations with extensive air shower experiments	FUJII, Toshihiro
10:45	[34]	High energy neutrino telescopes in water and ice	OBERTACKE, Anna
11:15	[35]	Subliminal monopole search results with time-based trigger selection approach using the NOvA far detector data	ANTOSHKIN, Alexander
11:30	[37]	A Mass-Speed relation Framework for Relativistic Magnetic Monopole Searches	DORO, Michele
