

Next Frontiers in Magnetic Monopole Searches

Sunday, 13 September 2026

CR experiments II (09:00 - 10:30)

time	[id]	title	presenter
09:00	[44]	Space-based searches: MMs and other HIPs	JIA, Yi
09:30	[45]	Introduction to the LHAASO Experiment and Results Highlights	ZHANG, Shoushan
10:00	[46]	CRPropa 3.3: A Unified Multimessenger Framework for SM Physics and Beyond	SAVELIEV, Andrey
10:15	[47]	Simulation of arrival directions of low-mass magnetic monopoles with CRPropa: comparison with UHECRs data and implications for next-generation monopole searches	AL-ZETOUN, Ala'a
