The 2026 International Workshop on the High Energy Circular Electron Positron Collider

Workshop Announcement

The 2026 International Workshop on the High Energy Circular Electron Positron Collider (CEPC2026) will be held in Shanghai, China, from October 22 to 26, 2026. The workshop is jointly hosted by Fudan University, the Shanghai Institute of Ceramics, Chinese Academy of Sciences (CAS), and the Institute of High Energy Physics, CAS.

The workshop will bring together researchers from around the world to explore the physics potential of the CEPC and future high-energy circular electron-positron colliders. Discussions will focus on accelerator and detector optimization, R&D on key technologies, and preparations for industrialization.

The program will feature plenary, parallel and poster sessions. All plenary presentations will be invited talks. Parallel sessions will include invited talks and contributions selected from submitted abstracts, while posters will be selected from submitted abstracts.

Workshop Information

1. **Workshop website:** https://indico.ihep.ac.cn/event/28911/
2. **Registration deadline:** September 30, 2026.
3. **Venue:** Sheraton Shanghai Jiading Hotel, 66 Jiatang Road, Jiading District, Shanghai.
4. **Dates:** October 22 to 26, 2026; arrival and registration: October 21.
5. **Accommodation and travel:** Accommodation will be arranged by the organizers. Participants are responsible for their own travel, meals and accommodation expenses.
6. **Registration fees:** RMB 2,400 per person for faculty and postdoctoral researchers; RMB 1,200 per person for students.
7. **Hotels:** Sheraton Shanghai Jiading Hotel and Shanghai Yuuny Hotel.
8. **Contact:** cepcws2026@ihep.ac.cn; Tel: +86 10 88236061.

Organizing Committee

Xiaolong Wang (Fudan University)
Junfeng Chen (Shanghai Institute of Ceramics, CAS)
Jianchun Wang (Institute of High Energy Physics, CAS)
Miao He (Institute of High Energy Physics, CAS)
Jiayin Gu (Fudan University)
