

# Workshop for Two-Photon Physics and New Detection Technology

Saturday, 16 May 2026

Session 2 (11:00 - 12:00)

-Conveners: Yuping Guo

time	[id]	title	presenter
11:00	[5]	Polarized Two-Photon Physics: Azimuthal Asymmetries as a New Window into Hadronic Interactions at $e^+e^-$ colliders	ZHOU, Yajin
11:30	[10]	NNLO QCD corrections to the pion electromagnetic form factor	YU, Huixin
