

# 2026 China-Europe School on Neutron and X-ray Scattering

Thursday, 5 November 2026

Morning lecture 2: Intro to neutron I - breakdown into what is neutron, what can neutron do (10:15 - 11:15)

Friday, 6 November 2026

Morning lecture 2: Reflectometry intro (10:15 - 11:15)

# Saturday, 7 November 2026

Morning lecture 2: Spectroscopy advanced (10:15 - 11:15)

-Conveners: Martin Mansson

# Sunday, 8 November 2026

Morning lecture 2: Polarised neutron scattering (10:15 - 11:15)

-Conveners: Werner Schweika

# Monday, 9 November 2026

Morning lecture 2: Muon sources, uses, and experiments (10:15 - 11:15)

-Conveners: Martin Mansson

Tuesday, 10 November 2026

Morning lecture 2: Small-angle X-ray scattering (10:15 - 11:15)

-Conveners: Xiao Sun

Wednesday, 11 November 2026

Morning lecture 2: TBD FREE SLOT (SYNC) (10:15 - 11:15)
