LHC CLHCP2026

Sunday, 1 November 2026

Parallel 6: SM 3 - □□□ (10:35 - 11:35)

-Conveners:

time	[id] title	presenter
10:35	[907] Evidence of ZZγ production with the ATLAS detector	□, □□
10:50	[908] Observation of pair production of longitudinally polarised Z bosons in four-lepton final state with the ATLAS detector	□, □□
11:05	[909] CMS 4tops in final states with hadronic taus and VLL interpretation	HUILING HUA
11:20	[910] Measurements of lateral energy leakage for electrons and photons in the second layer of the ATLAS electromagnetic calorimeter using Run3 □□ collision data at √□= 13.6 TeV	CHENFENG DUAN
