Session Program

16–19 Oct 2026

□□□□□□□□□□□□□□□

Amplitudes & Multiloop

Saturday 17 October

14:00

Amplitudes & Multiloop: □□□

Session

14:00–14:30 **Bootstrap QCD Scattering Amplitudes**

Speaker
□□

14:30–15:00 **Hypergeometric function representation of Feynman integral**

Speaker
□□□

15:00–15:30

Intersection matrices associated to geometric-ordered bases of Feynman integrals

Speaker
□□

15:30–16:00 **Scattering-Amplitude Methods in Effective Field Theory**

Speaker
□□

16:00
