# Work Status

Jin Wang

IHEP, China

2013-12-11 IHEP Group Meeting

VBF Status and Support Note

- VBF MVA Status
  - VBF categories are fixed as shown in workshop
  - re-train and update after new samples arrives (this week?)
  - re-do reweighting with new samples

- Support Note
  - yesterday first EB meeting for the H → γγ publication
  - start to edit the supporting note for this publication
  - describe the main parts of the analysis, selection, categorisations, etc.
    - dedicate the first chapter of the note to outline the differences wrt the Moriond result
  - a readable version with some preliminary 2012 data results at the beginning of January
