

# 55th ICFA Advanced Beam Dynamics Workshop on High Luminosity Circular e+e- Colliders — Higgs Factory (HF2014)

Sunday, 12 October 2014

Parallel Session 10: WG 8 — Polarization (08:30 - 10:00)

-Conveners: Ivan Koop

time [id] title

presenter

08:30	[71]	(1) Transverse polarization for energy calibration at Z-peak	Dr KORATZINOS, Michael
08:52	[72]	(2) Longitudinal polarization and acceleration of polarized beams	KOOP, Ivan
09:14	[73]	(3) FCC-ee beam energy measurement suggestion	MUCHNOI, Nickolai
09:36	[74]	(4) Possible applications of wave-beam interaction for energy measurement and obtaining of polarization at FCC e+e-	Dr NIKITIN, Sergei
