

6th ACFA HPPA Mini-workshop (plan)

Host: Institute of Modern Physics, Chinese Academy of Sciences

Chair: Hongwei Zhao

Venue: IMP, Lanzhou, China

Date: 3 day meeting in September, 2015 (to be determined)

Main Topic: Physics and Technology of Intense Hadron Beam
Accelerators for Linacs, Synchrotrons, etc.

SC linac technology

Summary of the 5th ACFA-HPPA Workshop

The 5th ACFA-HPPA mini-workshop was held on May 19-21, 2013 at KOMAC site, Gyeongju, Korea. The main topics were project status, controls system and beam commissioning.

A total participants were 21: from Korea (14, KOMAC/KAERI), Japan (4, J-PARC/JAEA) and China(3, CSNS/IHEP).

The workshop consists of 6 sessions: opening, J-PARC, KOMAC(part-1) and facility tour, CSNS, KOMAC(part-2), and closing.
