

The Seyfert AGN RX J0136.9-3510 and the Spectral State of Super Eddington Accretion Flows

Friday, 3 April 2009 14:50 (20 minutes)

Primary author: Mr JIN, CHICHUAN (Department of Physics, Durham University, UK)

Co-authors: Prof. DONE, Chris (Department of Physics, Durham University, UK); Dr GIERLINSKI, Marek (Department of Physics, Durham University, UK); Prof. WARD, Martin (Department of Physics, Durham University, UK)

Presenter: Mr JIN, CHICHUAN (Department of Physics, Durham University, UK)

Track Classification: Theme3: Wind-driven bubbles/galactic fountains, AGNs
