

The Chandra View of DA 530: A Subenergetic Supernova Remnant with a Pulsar Wind Nebula?

Thursday, 2 April 2009 15:50 (5 minutes)

Primary author: Ms JIANG, Bing (Astronomy Department, Nanjing University)

Co-authors: Prof. WANG, Daniel (Astronomy Department, University of Massachusetts); Prof. CHEN, Yang (Astronomy Department, Nanjing University)

Presenter: Ms JIANG, Bing (Astronomy Department, Nanjing University)

Track Classification: Theme2: Supernova Remnants, GRB, Magnetars and Pulsar Wind Nebulae
