

AGN Reverberation Mapping: the pc Scale Garden of Massive Black Holes

Wednesday, 26 October 2016

Cosmology (09:00 - 10:45)

-Conveners: S. Gallagher

time	[id]	title	presenter
09:00	[47]	Accretion disk RM, and measuring distances to AGN	Dr CACKETT*, E.
09:35	[48]	Dust reverberation of AGNs and its cosmological application: recent results from the MAGNUM project	Dr MINEZAKI*, T.
10:10	[49]	OzDES reverberation mapping project	Dr KING*, A.
