

## ICFA Mini-Workshop on Future gamma-gamma Collider

Monday, 24 April 2017

Accelerator technology for  $\gamma\gamma$  collider: AAC-based (11:00 - 12:30)

time	[id]	title	presenter
11:00	[31]	Large scale PIC simulations for future HEP accelerators	Dr SILVA, Luis
11:30	[32]	Development of laser plasma acceleration and light sources	Dr SHENG, Zhengming
12:00	[33]	Proton driven plasma wakefield acceleration: AWAKE and beyond	Dr XIA, Guoxing
