Physics session - 204 (14:30 - 20:50)

| time  | [id] | title                                        | presenter           |
|-------|------|----------------------------------------------|---------------------|
| 14:30 | [0]  | inclusive b to J/psi status                  | Dr MENG, xiangwei   |
| 15:00 | [1]  | CMS T2-Beijing status and tutorial           | Dr ZHANG, xiaomei   |
| 15:20 | [2]  | wzjj higgsless model new boson search status | Dr BIAN, Jianguo    |
| 15:40 | [3]  | pi0/gamma and higgs to 2gamma status         | Mr TAO, Junquan     |
| 16:00 | [4]  | H-->ZZ-->mumununu                            | Dr WANG, Jian       |
| 16:20 | [5]  | B+ to J/psi K+ status                        | Mr WANG, Zheng      |
| 16:50 | [6]  | prompt J/psi status                          | Mr ZHU, Bo          |
| 17:10 | [7]  | HCAL energy deposit                          | Mr GUO, Shuang      |
| 17:30 | [8]  | hadron longitudinal shape in ECAL            | Dr YANG, Min        |
| 17:50 | [9]  | Z'-->mumu status                             | Mr CHEN, Mingshui   |
| 18:10 | [10] | pi0/gamma neuronet and H-->2gamma status     | Mr ZHANG, Zhen      |
| 18:30 | [11] | (no title)                                   | Mr TANG, Zhi-Cheng  |
| 18:50 | [12] | hadron shower shape                          | Mr ZANGJJ, jingjing |
| 19:10 | [13] | Higgs to tau tau                             | ZHANG, zhenxia      |
| 19:30 | [14] | hadron shower shape sim                      | Mr LIANG, song      |
| 19:50 | [15] | Higgs to gamma gamma study                   | Ms XIAO, Hong       |
| 20:10 | [16] | eta-b                                        | Mr WANG, jian       |
| 20:30 | [17] | (no title)                                   | Dr WANG, Xianyou    |
