

International Conference on Technology and Instrumentation in Particle Physics 2017(TIPP2017)

Friday, May 26, 2017

Plenary 6 - Room 305 (11:00 AM - 12:00 PM)

-Conveners: Ray Larsen

time	[id]	title	presenter
11:00	[100]	The Tynode: a new vacuum electron multiplier for ultra fast pixelised particle detectors	Prof. VAN DER GRAAF, Harry
11:30	[85]	Diamond detector technology; status and perspectives	KAGAN, Harris
