11.3	Liu Kai	to be determined	
11.10	Ryuta		Guangxi winter school
11.17	Yang Yuzhen		
11.24	Xiao Suyu		

any other volunteer wanna join us?

suggested key points of this paper

something could be borrowed for Suyu's next analysis work.

- event selection technique,
- some systematic uncertainty studies
- signal yield estimation in real data
- new channels could be studied in the future?
