

The 7th Asian Triangle Heavy-Ion Conference (ATHIC 2018)

Saturday, 3 November 2018

Parallel I.2 Chair: Wenchang Xiang - Room 2105, Teaching Building #2 (16:00 - 18:16)

time	[id]	title	presenter
16:00	[141]	Centrality fluctuation in heavy-ion collisions	JIA, Jiangyong
16:17	[142]	Longitudinal fluctuations and decorrelations of anisotropic flows at the LHC and RHIC energies	WU, Xiang-Yu
16:34	[143]	Effects of hydrodynamic fluctuations in high energy heavy ion collisions	SAKAI, Azumi
16:51	[144]	Anisotropic flow of identified particles in PbPb collisions at 5.02 TeV with ALICE	ZHU, Ya
17:08	[145]	Two-particle correlations with ALICE	SEKIGUCHI, Yuko
17:25	[146]	Collective flow in proton + proton system collisions	ZHAO, Wenbin
17:42	[147]	Effect of off-shell fragmentation on v_2 in small systems	URMOSSY, Karoly
17:59	[148]	Deuteron v_2 and synthesis	CHATTERJEE, sandeep
