

# 3rd Quarter Summary in 2018

**Suyu XIAO**

**Supervised by Xin SHI**

**3rd Oct, 2018**

# J/psi invisible decay

- Discussed with Referee in June at BESIII Collaboration Meeting
- Got some suggestions to check  $N(J/\psi \rightarrow \text{invisible})$ 
  - Got a scaled factor to fix  $\text{eff\_acceptance}$
  - Further study should be done in order to get this factor after discussion with Kai

# High-Granularity Timing Detector

- Install CentOS 6 and TCAD in B015 with help of Kewei Wu and Kai Liu
- Apply for ARP and visa to participate HGTD sensor Testbeam in mid Oct.

Thanks!
