

# 14th International Conference on Calorimetry in High Energy Physics

Friday, 14 May 2010

future calorimetry IV (16:30 - 18:40)

time	[id] title	presenter
16:30	[282] Hadron Calorimetry - What have we learned since CALOR I	Dr WIGMANS, Richard
17:00	[283] Measurement of the neutron fraction event-by-event in DREAM	Prof. HAUPTMAN, John
17:20	[284] Performance of a dual readout calorimeter with a BGO	Dr PINCI, Davide
17:40	[285] Total Absorption Dual Readout Hadron Calorimeter for future lepton colliders	PARA, Adam
18:00	[286] Calorimetry with meta-crystals	Dr MAVROMANOLAKIS, Georgios
18:20	[287] Total Measurement Calorimeter	Prof. TAKESHITA, Tohru
