

# Workshop on Partonic and Hadronic Transport Approaches for Relativistic Heavy Ion Collisions

Saturday, 11 May 2019

Session-2 (11:00 - 12:20)

time	[id]	title	presenter
11:00	[16]	Large $v_2$ with small cross section	Prof. DENES, Molnar
11:25	[17]	Multi-phase transport model predictions of isobaric collisions with nuclear structures from density functional theory	Dr HAN-LIN, Li
11:50	[18]	Thermal behaviors of light-flavor mesons at low temperatures	Prof. ZHI-HUI, Guo
