

# Workshop on Partonic and Hadronic Transport Approaches for Relativistic Heavy Ion Collisions

Sunday, 12 May 2019

Session-6 (10:35 - 12:20)

time	[id]	title	presenter
10:35	[29]	Flow and centrality fluctuations in PbPb collisions	Prof. JIANGYONG, Jia
11:00	[30]	Chiral crossover and phase transition in (2+1)-flavor QCD	Prof. HENG-TONG, Ding
11:25	[31]	Search for the QCD critical point in the Beam Energy Scan at RHIC: Status and Prospect	Prof. XIAOFENG, Luo
11:50	[32]	Transport simulations of intermediate-energy heavy-ion collisions	Prof. JUN, Xu
