

# The 2nd International Symposium on Cosmology and Ali CMB Polarization Telescope

Sunday, 8 September 2019

Science-5: Chair: Yu Yu - 京师大厦3楼6会议室 (14:00 - 15:30)

time	[id] title	presenter
14:00	[10] CMB lensing and Minkowski Functionals	HAMANN, Jan
14:30	[22] General solutions of the leakage in integral transforms and applications to the EB-leakage and detection of the cosmological gravitational wave background	Dr LIU, Hao
15:00	[0] Galactic synchrotron emission with Gaussian random magnetic field realisation	Mr WANG, Jiabin
