

LHAASO Scientific Observation and Multi-messenger Astronomy Workshop

Friday, 26 April 2019

Charged Particles - F/3 Conference Room A (09:20 - 12:05)

time	[id] title	presenter
09:20	[22] DAMPE (25'+5')	Prof. CHANG, jin
09:50	[23] Expectation of Cosmic Ray Energy Spectrum With LHAASO (25'+5')	MA, Lingling
10:20	Coffee Break	
10:35	[24] The Telescope Array Experiment in the Multimessenger Astrophysics Era (15'+5')	OGIO, Shoichi
10:55	[25] Multi-messenger Studies at the Telescope Array Observatory (15'+5')	RUBTSOV, Grigory
11:15	[29] Features in the Galactic Cosmic Ray Spectra and Their Interpretation (20'+5')	LIPARI, Paolo
11:40	[30] Detecting the High Energy Fermi Sources With Air Shower Arrays: the case for LHAASO (20'+5')	D'ETTORRE PIAZZOLI, Benedetto
