

LHAASO Scientific Observation and Multi-messenger Astronomy Workshop

Thursday, 25 April 2019

Gamma Ray: 25th Morning Session - F/3 Conference Room A (08:35 - 11:50)

-Conveners: Zhen CAO

time	[id] title	presenter
08:35	[0] Very-high-energy Gamma Rays in the Multimessenger Era (15'+5')	SANTANDER, Marcos
08:55	[1] Cosmic Accelerators Through the Eyes of Ground-Based Gamma-Ray Telescopes (15'+5')	FENG QI
09:15	[2] The MAGIC Highlights (20'+5')	Prof. TESHIMA, Masahiro
09:40	[5] CTA Project (20'+5')	Prof. TESHIMA, Masahiro
10:05	Coffee Break	
10:30	[6] CTA Status (20'+5')	DELLA VOLPE, Domenico
10:55	[7] High-energy Observations of Gamma-ray Binaries and Blazars (20'+5')	Prof. WANG, Zhongxiang
11:20	[8] RWS-HAWC (25'+5')	SPRINGER, Wayne

Gamma Ray: 25th Afternoon Session - F/3 Conference Room A (13:30 - 15:45)

time	[id] title	presenter
13:30	[9] Gamma-ray astronomy of LHAASO (25'+5')	Mr CHEN, songzhan
14:00	[12] The TAIGA Telescope (25'+5')	Dr WISCHNEWSKI, Raif
14:30	[13] Galactic Gamma Ray Sources With LHAASO (20'+5')	ZHANG, Xiao
14:55	[14] Prospect of Detecting Pulsar TeV Halos With LHAASO and Implications (20'+5')	Prof. WANG, Xiang-Yu
15:20	[15] The Importance of Measuring The Diffuse Gamma Ray Flux at Very High Energy (20'+5')	Dr VERNETTO, Silvia
